

Hi All,

Things progress slowly when dealing with building matters and we have pushed as much as we dare to get things moving, but we are still a way off getting our building!!

The good news is that we, together, in partnership with Gnosall Parish Council, have secured funds from the 'Big Lottery Fund' and now we have £10k to support our project. This is a welcome donation and we are very grateful to the Lottery for their support.

We are also grateful for your patience with us. Make no mistake, we are very busy trying to secure the Library building as well as other funding, and hopefully this summer, it will come to fruition.

Bob
